***b. Are your training programs vendor neutral?***

Yes. We do not promote any products or services, and we are 100% independent.

***c. I want to learn more about the online exam.***

You can take the online exam from your home or office, in all countries.

It is an open book exam. Risk and compliance management is something you must understand and learn, not memorize. You must acquire knowledge and skills, not commit something to memory.

You will be given 90 minutes to complete a 35-question exam. You must score 70% or higher.

*The exam contains only questions that have been clearly answered in the official presentations.*

All exam questions are multiple-choice, composed of two parts:

**A stem** (a question asked, or an incomplete statement to be completed).

**Four possible responses.**

In multiple-choice questions, you must not look for a correct answer, you must look for the *best* answer. Cross out all the answers you know are incorrect, then focus on the remaining ones. Which is the best answer?

With this approach, you save time, and you greatly increase the likelihood of selecting the correct answer.

**TIME LIMIT** - This exam has a 90-minute time limit. You *must complete* this exam within this time limit, otherwise the result will be marked as an unsuccessful attempt.

**BACK BUTTON** - When taking this exam you are NOT permitted to move backwards to review/change prior answers. Your browser back button will refresh the current page instead of moving backward.

**RESTART/RESUME** – You CANNOT stop and then resume the exam. If you stop taking this exam by closing your browser, your answers will be lost, and the result will be marked as an unsuccessful attempt.

**SKIP** - You CANNOT skip answering questions while taking this exam. You must answer all the questions in the order the questions are presented.

We do not send sample questions or past exams. If you study the presentations, you can score 100%.

When you are ready to take the exam, you must follow the steps that can be found in [question h](#) below. (“I am ready for the exam. What must I do?”).

***d. How comprehensive are the presentations? Are they just bullet points?***

The presentations are not bullet points. They are effective and appropriate for studying online or offline.

***e. Do I need to buy books to pass the exam?***

No. If you study the presentations, you can pass the exam. All the exam questions are clearly answered in the presentations.

If you fail the first time, you must study more. Print the presentations and use Post-it to attach notes, to know where to find the answer to a question.

***f. Is it an open book exam? Why?***

Yes, it is an open book exam. Risk and compliance management is something you must understand and learn, not memorize. You must acquire knowledge and skills, not commit something to memory.

***g. Do I have to take the exam soon after receiving the presentations?***

No. You can take the exam any time. Your account never expires.

***h. I am ready for the exam. What must I do?***

**Step 1.** We must have your correct full name, as it will appear on the certificate of completion, and your email address. When you are ready to take the exam, please **send an email** to George Lekatis at: [george.lekatis@cyber-risk-gmbh.com](mailto:george.lekatis@cyber-risk-gmbh.com)

It will be received by George Lekatis or one of his assistants in Switzerland or the EU, will be stored in Switzerland or the EU, and will be processed in compliance with the Swiss Act on Federal Data Protection (nFADP) and the EU General Data Protection Regulation (GDPR).

In the **subject** of the email, please write: “Please send me the username and the password for the exam”.

In the **body** of the email, please let us know:

- Which is your full name, as it will appear on the certificate of completion?
- Which is your email address?

**Step 2.** **We will respond** to your email in 1-2 business days (days in which normal business operations are conducted, excluding weekends and public holidays), and we will give you access to the testing application.

You will receive an email with your:

- A. Username.
- B. Password.
- C. Account information.

Important note: We will not disclose your real name and email address to the testing application provider. We will follow a **pseudonymisation** procedure, to protect your personal information.

According to Article 4 of the General Data Protection Regulation (GDPR):

‘**pseudonymisation**’ is the processing of personal data in such a manner that the personal data can no longer be attributed to a specific data subject without the use of additional information, provided that such additional information is kept separately and is subject to technical and organisational measures to ensure that the personal data are not

attributed to an identified or identifiable natural person.

**User Information**

The following information needs to be entered for a new user

Name	Georg Steiner
Login Username	Ge47354723854
Password	Geo2274395473
Email	george.lekatis@cyber-risk-gmbh.com
New Hire Date	<input type="text"/>

As an example, the name **above** (Georg Steiner) and the email address that we will give to the testing application, are **not the real** name and the email address of the person that will take the exam. We keep the real name and the email address encrypted, in Switzerland or the EU.

For the online exam, you will receive something like that:

Username - Ge47354723854  
 Password - Geo2274395473  
 Account information - ComplianceLLC123

**Step 3.** Please **visit** the following URL:

**Step 4.** You will see: “Welcome, Your Name, from Compliance LLC”.

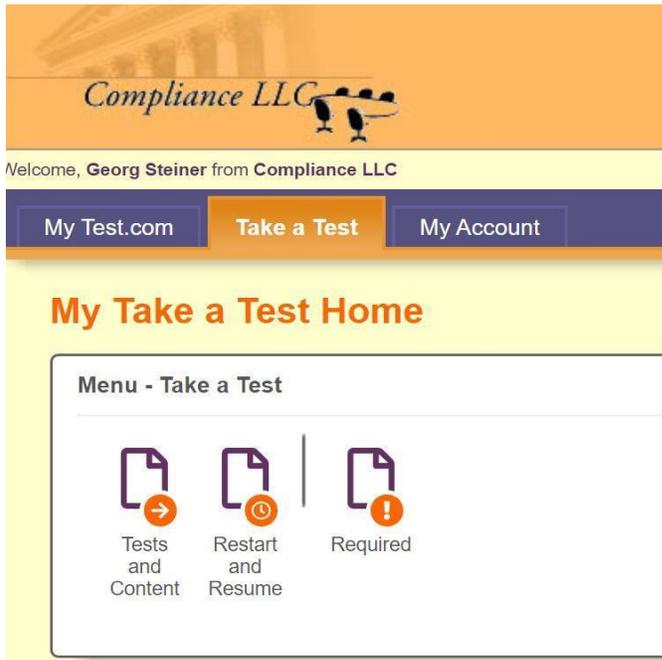

Compliance LLC, incorporated in Wilmington NC and offices in Washington DC,

Cyber Risk GmbH, CHE-244.099.341, Dammstrasse 16, 8810 Horgen, Switzerland - [www.cyber-risk-gmbh.com](http://www.cyber-risk-gmbh.com)

a provider of risk and compliance training and executive coaching in 57 countries, a sister company of Cyber Risk GmbH, is the service provider of Cyber Risk GmbH for the exam.

Compliance LLC will **never receive** your personal information, including your name and email address. The data for the pseudonymisation will remain in Switzerland or the EU and will never be transferred in any other country.

**Step 5.** You must choose “Take a Test”.

Then please choose “Tests and Content” to have access to the exam.

**Step 6.** Please choose “Start this Test”. **Before that**, it is good to read the terms (time limit, back button, restart/resume, skip) below.

**TIME LIMIT** - This test has a 90 minute time limit. You must complete this test within this time limit or the result will not be counted and will be marked as an unsuccessful attempt.

**BACK BUTTON** - When taking this test you are **NOT** permitted to move backwards to review/change prior answers. Your browser back button will refresh the current page instead of moving backward.

**RESTART/RESUME** - When taking this test you **CANNOT** stop taking this test. If you stop taking this test by closing your browser your answers will be lost, the test result will not be counted, and it will be marked as an unsuccessful attempt to take this test.

**SKIP** - When taking this test you **CANNOT** skip answering questions while taking this test. You must answer all the questions in the order the questions are presented.

When you complete the exam process, the **results** will be displayed on the computer screen, and **you will learn** if you have passed or failed.

**Step 7.** If you pass the exam: Congratulations!

You will **receive an email** from us after **1-2 business days** (days in which normal business operations are conducted, excluding weekends and public holidays) with the next steps.

You will **receive your certificate** after **7 business days**.

The testing application will inform Cyber Risk GmbH that you have passed the exam, and we will follow the pseudonymisation process in Switzerland or the EU, to find your full name and email address.

Cyber Risk GmbH will develop a web page dedicated to you (cyber-risk-gmbh.com/Your\_Name.htm).

In your dedicated web page we will add your full name, all the certificates you have received from us, and the pictures of your certificates. This is an example:

[https://www.cyber-risk-gmbh.com/Monika\\_Meier.html](https://www.cyber-risk-gmbh.com/Monika_Meier.html)

When third parties scan the QR code on your certificate, they will visit your dedicated web page (cyber-risk-gmbh.com/Your\_Name.htm), and they will be able to verify that you are a certified professional, and your certificates are valid and legitimate.

You can print your certificate that you will receive in Adobe Acrobat format (pdf). With the scannable QR code, all third parties can verify the authenticity of each certificate in a matter of seconds.

Professional certificates are some of the most frequently falsified documents. Employers and third parties need an easy, effective, and efficient way to check the authenticity of each certificate. QR code verification is a good response to this demand.

For security reasons, the exam itself and individual exam questions will not be available for review after the exam.

### **Step 8.** If you do not pass the exam:

You have a second opportunity to take the exam. You can use the same username, password, and account information.

If you do not pass the exam on your second attempt, you must study more. You have a third opportunity, and you can use the same username, password, and account information.

If you do not pass the exam on your third attempt, a waiting period will apply. You will have (at no extra cost) 3 more opportunities to take the exam, but not immediately. One year after the day you took the first exam, you can send us an email and start the process again. There is no cost for the additional exam opportunities.

If you have any questions, you may contact us any time at: [george.lekatis@cyber-risk-gmbh.com](mailto:george.lekatis@cyber-risk-gmbh.com)

### **Step 9 (optional). I liked the program, and I want to purchase a second one. Do I have a discount?**

You have a \$100 discount for your second and each additional program. You can also receive all the updated and amended programs at no cost until January 31, 2028.

Cyber Risk GmbH offers the following distance learning programs:

1. NIS 2 Directive Trained Professional (NIS2DTP)
2. Digital Operational Resilience Act Trained Professional (DORATPro)
3. Critical Entities Resilience Directive Trained Professional (CERDTPro)
4. Digital Services Act Trained Professional (DiSeActTPro)
5. Digital Markets Act Trained Professional (DiMaActTPro)
6. Data Governance Act Trained Professional (DatGovActTP)
7. European Chips Act Trained Professional (EChipsActTPro)
8. Data Act Trained Professional (DataActTPro)

In order to receive the URL for the discounted cost for your second and each additional program, please **send us an email** with title: "Please send me the URL for the discounted cost."

In the email, please let us know:

- a. Which was the name and email address of the person or legal entity that had purchased the first program.
- b. Which is the program you want to purchase now at \$197 instead of \$297.

You will receive the URL for the discounted cost for your second and each additional program in less than 48 hours (working days). Please remember to check your spam folder too.
